

## Planning Model – The Akrotiri Curriculum – 2023/24

Multi-faceted – personalised, current, forward-facing, inter-connected

1. Agree **blocks** for the year – ensure coverage of NC (CL) – monitor (curriculum leaders) – ensure consistency - **Whole School / Year groups**
2. Use **Knowledge and skills documents** (developed by Curriculum leaders) to support planning for depth and appropriate NC objectives – **Year group**
3. Use **planning document** to shape depth of learning and learning process – consistency – monitor (curriculum leaders) – **whole school / Year groups**
4. Agree on **Knowledge organiser** information – to be used to support teaching and learning, including ensuring appropriate knowledge gained – can be put up or 'live' version created as the block develops – shared with parents at start of unit (SeeSaw or paper copy) – **Curriculum overview** for the half term shared with parents at start of half term (sent to JB prior to going to parents) **year groups / Whole class**
5. Learning develops depth as the unit progresses as per planning (point 2), adapting to suit class – **Whole Class**
6. The teaching and learning model ensures each child is provided with appropriate and personalised learning opportunities to ensure progression at all levels – **Individual child**
7. PPA sessions ensure rich professional dialogue regarding whole class, group and individual progress and next steps, enabling consistency and transparent support as part of the monitoring model (feeds into point 8) – **whole class / individual child**
8. Assessment information collated throughout unit on class, groups and individual children to populate **quadrant** at the end of the unit – monitor (curriculum leads) – provide next steps for unit revisit – **Whole class, individual child** (feed into **Year group** and **Whole School** data)
9. Corrective (in-class interventions, e.g. pre-teaching, re-teaching,) identified during the unit through AfL and low-stake, high impact retrieval practice (discussions during PPA – possible cross-class groups?) – **Year group, whole class, Individual child**
10. Additional focused support identified, requested and undertaken as a result of ongoing assessments → SEND team and Pastoral team. Impact and reviews fed into new assessments – **Individual child, Whole school**
